Notes:

- After sampling, remove leave blades from petioles, leaves from shoot tips or excess foliage prior to shipping.
- Place the sample into a sealable plastic bag (e.g. zip-lock), never in paper bags.
- Never allow samples to warm up, or to freeze.
- Place the sample in a cooler with an ice pack. Avoid putting the sample directly onto the ice pack as it will freeze and cannot be processed.
- Courier samples in first part of the week.

Notas:

- Verwyder die blare vanaf petiole (stingels) voor versending.
- Pak die monsters in 'n verseelbare plastiesesak (bv 'n zip-lock), nooit in 'n papiersak.
- Moenie dat die monsters warm word of vries nie.
- Pak die monster in 'n koelsak met 'n ys pak. Moet dit nie direk op die yspak pak nie om te verhoed dat dit vries en dan onbruikbaar sal wees.
- Koerier die monsters in die eerste gedeelte van die week.
